

Step 1- Extent Local Wellness Policy Complies with USDA Requirements and Compares to a Model Policy Tracking Tool

Component	Description
Select Tool used for model LSWP comparison: If another tool was used, list it here.	<ol style="list-style-type: none"> 1. The WellSAT 3.0 School Assessment Tool 2. The WellSAT-1 Wellness Assessment Tool
Areas of Strength:	1. School breakfast and lunch program and smart snacks are compliant with the USDA regulations.
	2. There is a written physical education and health curriculum and state certified licensed teachers that implement the curriculum for every grade.
	3. Community groups utilize school facilities for student wellness.
Opportunities for Improvement	1. Establish a more involved school wellness committee. For example, add health para and student ambassadors for each building.
	2. Establish a leader for each building to regulate and promote the wellness policy.
	3. Implement and understand the school wellness policy and how it is beneficial to all aspects of learning.
As a result of the comparison, was new language adopted in the LSWP?	NO
If yes, briefly describe what was adopted (include page numbers for new language if possible), Have the changes been approved by the school board?	Wellness policy was updated and adopted on August 15, 2022. YES
Describe the next steps for strengthening your LSWP.	Adding a health para and student ambassadors to our wellness committee. Appoint a representative for each building that will monitor wellness policy.
